

My family member—My mother

My mother's name is Mrs Chong. She is twenty-seven years old. She is tall and thin. She has small eyes and black hair. Her favourite colour is blue and she likes sleeping.

She is a housewife. She looks after my family. That is why she stays at home. Usually she goes to the market to buy some vegetables for dinner. But sometimes, she stays at home for a sleep instead of going to the market. I wonder if she likes her job. I think my mother is clever.

I LOVE HER !
