

# My Dream Job

When I grow up, I want to be a cook. When I was five, Mum said, 'You like eating. When you grow up, you can be a good cook and run a restaurant.'

I think my life will be very fantastic if I

become a cook. I will cook in a big and famous restaurant. One day, I will set up my restaurant for people.

It is not easy to become a cook. Cooks need to cook with heart every day so that people can eat happily.

I am going to work hard so that my dream can come true. I am going to read more cooking books to create new dishes.

I feel grateful that my mum supports me to be a cook. I hope I will be a cook and cook some delicious food for my mum and Hong Kong citizens.
