

# My Dream Job

I have wanted to be a policewoman since I was little. Being a policewoman is rewarding. I hope I can be a policewoman one day.

I want to be a policewoman because I am helpful. I like helping people in need. If I become a policewoman, I will maintain public safety and order. When I was young, I watched a lot of movies about police. Since then, I have wanted to become a policewoman because they are cool.

It is not easy to become a policewoman. Policewomen need to be brave and strong. They need to do exercise a few hours a day so that they can catch thieves easily. I am going to do more exercise so that I can be healthy, strong and fit.

I think my life will be meaningful and interesting if I become a policewoman. I will help the people in need and catch thieves. I will also promote crime prevention and safety measures among citizens and make my city safer.

If I become a policewoman, my parents will be proud of me. I really want to be a policewoman when I grow up. I hope my dream will come true.
